

Voucher sync with Ocard

Function that sync Coupon data from MeeMe to Ocard

```
public function actionSynchronizeCoupons() {
    set_time_limit(0);
    ini_set('memory_limit', '-1');
    $event = Event::findOne(Customer::getCurrentUserDefaultEventID());
    $coupons = Coupon::find()
        ->joinWith('participant')
        ->where(['participant.event_id' => Customer::getCurrentUserDefaultEventID()])
        ->andWhere(['>=', 'coupon.id', 3400])
        ->all();
    foreach ($coupons as $coupon) {
        $coupon->synchronizeCoupon($event);
    }
    Yii::$app->session->setFlash('success', Yii::t('Coupon', "Synchronization completed"));
    $this->redirect('index');
}
```
